

COMPANY PROFILE / 2026

ONE ACCOUNTABLE DESK. EVERY MOVEMENT.

Freight forwarding, customs and logistics execution from Kuwait across the GCC and worldwide.

DELIVERING BEYOND BORDERS

Kuwait based. GCC connected. Globally capable.

Novelty Freight coordinates freight, customs and supporting logistics through one responsible operating desk.

09

CORE SERVICE GROUPS

03

FREIGHT MODES

01

ACCOUNTABLE DESK

01

Kuwait hub

Clearance and delivery across Kuwait air, sea and land gateways.

02

GCC reach

FTL and LTL road coverage across the GCC and selected lanes.

03

Global access

Ocean and air routing through an international agent network.

04

One desk

Ownership from enquiry and document review through delivery.

Every movement covered. No hand-off confusion.

Transportation

07 **Contract**
Warehousing

08 **General Cargo**
RORO & Breakbulk

09 **Packing, Removals**
& Fixing

LEAD SEA FREIGHT SOLUTION

WORLDWIDE LCL CONSOLIDATION TO KUWAIT.

A cost-controlled option for commercial cargo that does not require a full container.

- Origin pickup and export handling
- Consolidation from major freight origins
- Kuwait customs and deconsolidation
- Port-to-port or door-to-door delivery

From supplier pickup to the consignee's door.

One enquiry desk coordinates the commercial and operational hand-offs across the full movement.

01

Origin pickup

Collect from the supplier and receive cargo at the nominated origin warehouse.

02

Export handling

Review documents, receive cargo and prepare it for consolidation.

03

Ocean movement

Move consolidated cargo from major origins worldwide to Kuwait.

04

Kuwait delivery

Deconsolidate, clear customs and deliver to the consignee's door.

PORT-TO-PORT OR DOOR-TO-DOOR

Routing depends on origin, cargo type, volume, readiness and destination requirements.

FLEXIBLE OCEAN SOLUTIONS.

LCL is the lead solution, supported by FCL and special sea movements when the cargo requires a dedicated plan.

01

Worldwide LCL

Regular consolidation into Kuwait for smaller commercial consignments, with deconsolidation and delivery support.

02

FCL import & export

Full-container routing for high-volume or shipper-loaded cargo, including schedule and carrier coordination.

03

Special movements

Support for RORO, breakbulk, oversized and project cargo requiring tailored planning.

— LAND FREIGHT

CROSS-BORDER FTL & LTL.

Reliable import movements to Kuwait and export movements from Kuwait across GCC and selected regional lanes.

UAE | KSA | OMAN | QATAR
BAHRAIN | EGYPT | TURKEY | JORDAN

Box | Flatbed | Reefer | Low-bed trailers

Dedicated trucks. Consolidated solutions.

01

FTL import & export

Dedicated import movements to Kuwait and export movements from Kuwait, planned around cargo, lane, border, equipment and delivery requirements.

Europe - Turkey - Kuwait connections are available for selected full-truck movements.

02

LTL consolidation

Planned part-load services on selected lanes, including weekly Dubai - Kuwait consolidation and Europe - Turkey - Kuwait solutions.

Routing and frequency depend on cargo type, volume, readiness and lane conditions.

EQUIPMENT

Box trailers | Flatbed trailers | Reefer trailers | Low-bed trailers

Rates and availability are subject to lane, cargo, equipment, season and border requirements.

WHEN TIMING MATTERS.

Airport-to-airport and door-to-door coordination for urgent, valuable and time-sensitive cargo.

- Air import & export - Routing, booking and airport handling.
- Priority options - Uplift choices matched to required timing.
- Courier services - Express documents and parcels with local delivery.

Move the cargo. Control the compliance.

Document and permit requirements are reviewed before movement wherever possible.

01

Customs clearance

Clearance coordination at Kuwait air, sea and land entry points, supported by document pre-check and arrival follow-up.

02

Importer of record

IOR representation for eligible shipments when the overseas shipper requires a compliant Kuwait importing party.

03

Exporter of record

EOR support for eligible exports requiring a locally authorised export party and shipment documentation.

SHIPMENT-BY-SHIPMENT REVIEW

General, regulated, chemical and food shipments are assessed against commodity, HS code, documents and authority requirements.

Keep cargo moving between milestones.

01

Contract warehousing

Receiving, short- or long-term storage and planned dispatch aligned with the customer's shipment programme.

02

Cargo handling

Palletised receiving, staging, handling and release coordination through a controlled process.

03

Local transportation

Pickup, port or airport transfer and final-mile delivery using suitable local vehicles.

A practical support layer that connects freight milestones without losing operational ownership.

COMPLEX CARGO. WORKABLE PLAN.

- 01 General cargo
Palletised, crated and commercial cargo across air, sea and land.
- 02 RORO & breakbulk
Rolling and non-containerised cargo through suitable vessel and terminal arrangements.
- 03 Project & heavy cargo
Out-of-gauge and heavy movements planned around dimensions, weight, access and equipment.

Cargo care before, during and after transport.

01

Survey & plan

Review the item, access, handling method and final positioning requirement.

02

Protect & pack

Apply protective, export or purpose-built packing suited to the movement.

03

Remove & relocate

Coordinate dismantling, removal, transport and controlled handling.

04

Unpack & fix

Unpack, position, assemble or fix items at the agreed final location.

Suitable for commercial, office, equipment and sensitive-item movements.

One brief. One plan. One responsible desk.

We surface missing documents, assumptions and operational constraints early. This protects the quotation, reduces avoidable port or border delays and keeps the next action visible.

Practical execution. Honest answers.

01

Operational ownership

One responsible desk follows suppliers, carriers, customs, borders and delivery.

02

Commercial control

Assumptions, exclusions and required information are made clear before execution.

03

Regional knowledge

Strong focus on Kuwait clearance and the practical realities of GCC road freight.

04

Responsive updates

Communication is organised around decisions and next actions, not vague status lines.

Clear responsibility from enquiry to delivery.

— START THE CONVERSATION

HAVE CARGO TO MOVE? PUT OUR DESK ON IT.

Share the origin, destination, cargo details, weight or dimensions and preferred timing. We will identify what is missing before we quote.
